

New Evidence Proves Warren Commission Corruption Based on Bestselling Author Mark Shaw's Exclusive Interviews with Commission "Whistleblower" Morris Wolff

A dour-faced Senator John Sherman Cooper stands with Commission Members Second from Right

According to two exclusive interviews with Morris Wolff, the highly respected legislative assistant to Senator John Sherman Cooper, a member of the Warren Commission and called by Jackie Kennedy "a man of great character," the members knew they were deceiving millions of Americans who believed they could trust them to reveal the truth. Instead, betrayal of that truth was the call of the day as noted in this author's most recent book, *Fighting for Justice* and a second interview on August 19, 2023 with Mr. Wolff (transcript available), who actually rode with Cooper to the commission hearings and watched the proceedings.

The shocking revelations, ones that expose the inner workings of the commission for the first time, include the following firsthand accounts by Mr. Wolff regarding conversations with Sen. Cooper:

- **"They [the commission members] already know about the Jack Ruby connection to organized crime, but they don't want to touch it."**
- **"It's more than Oswald but Hoover and [Chief Justice] Earl Warren keep pushing the 'Oswald Alone' conclusion."**
- **"Our new President, Lyndon Baines Johnson, now wants to cover up and move on."**

- **“The commission members want to bury the truth under a pile of stones and Earl Warren is acting like a third-world dictator.”**
- **“LBJ put me on the commission since I am a distinguished senator, one respected by my colleagues and my appearance will give the impression that the investigation will be beyond reproach but there is something very wrong with the investigation.”**
- **“They [the commission members] say this [Oswald Alone conclusion] is good for God and country, but there is internal corruption and I don’t know why.”**
- **“I’m very skeptical of the slipshod job being done by the commission staff and its rush to judgment” regarding the final report to be issued and along with Sen. Russell, I’ve demanded a ‘dissent’ to be included in that report about the “Oswald Alone” conclusion (It was promised but was not in final report).**
- **Commission members are not conducting the hearings; staffers are doing so and not asking the right questions.**
- **To make sure the truth prevails, I have shared Jack Ruby’s testimony with journalist Dorothy Kilgallen, a woman of the truth.**
- **During the photo of the commission members, I hid behind Sen. Hale Boggs since I knew the Final Report was untrue.**

Something strange is happening -
